

Delivery Performance:

A Snapshot of High-Performing PMOs

PMOs have solidified their organizational role, becoming strategic partners and a powerhouse of execution within their organizations. In 2022, 227 organizations participated in *The State of the PMO* study. Here is how the high-performing PMOs were determined:

8 Measures of PMO Performance Used to Determine High Performers

- | | |
|---|---|
| 1 Improving the organization's project management capability | 5 Focusing on right-sizing processes and governance |
| 2 Satisfying stakeholders | 6 Ensuring projects/portfolios are aligned to the organization's strategy |
| 3 Providing stakeholders accurate insights into project/portfolio performance, threats, and opportunities | 7 Enabling a culture of change |
| 4 Contributing to strategic work efforts of the organization | 8 Developing and nurturing talent and capabilities |

High Performers Lead the Way

In terms of improvement, PMOs contributed to the organization in the 24 months prior to the survey:
